About GOL Linhas Aéreas Inteligentes S.A.

GOL serves more than 30 million passengers annually. With Brazil's largest network, GOL offers customers more than 700 daily flights to 66 destinations in 10 countries in South America and the Caribbean. GOLLOG is a leading cargo transportation and logistics business serving more than 3,400 Brazilian municipalities and, through partners, more than 200 international destinations in 95 countries. SMILES is one of the largest coalition loyalty programs in Latin America, with over 13 million registered participants, allowing clients to accumulate miles and redeem tickets for more than 700 locations worldwide. Headquartered in São Paulo, GOL has a team of more than 15,000 highly skilled aviation professionals and operates a fleet of 120 Boeing 737 aircraft, with a further 120 Boeing 737 MAX on order, delivering Brazil's top on-time performance and an industry leading 17 year safety record. GOL has invested billions of reais in facilities, products and services and technology to enhance the customer experience in the air and on the ground. GOL's shares are traded on the NYSE (GOL) and the B3 (GOLL4). For further information, visit www.voegol.com.br/ir.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
